2016 OVERVIEW

Dear Parents,

Our school community has come alive with the sounds of shared laughter, heart melting smiles, and positive expectations. Your children create a delightful joy.

All staff at SCBC are directly **creating a thriving Christian community that inspires learning, as a means of transforming and empowering lives.**

Underpinning every important decision we make at SCBC is the question: "Will this activity or event prosper our vision?"

Our **mission is driven from our love** for God. SCBC's educational direction and guidance draws upon **international best practice** in both school **effectiveness** and school **improvement**. We are both guided by research, and maintain an active appetite to explore **innovative ideas** that could value-add to our student's **educational success**.

You can expect from us:

High Expectations – for all of our students, especially your son/daughter.

Explicit teaching – your teachers design and deliver lessons that are intentionally pinpoint with both understandings and information. This includes play-based learning in early years education.

Effective Feedback – your children can expect feedback that directly relates to actual achievement.

Data informs practice – we are using data about your son/daughter's achievements to strengthen the likelihood of his/her success. It's a bad plan that admits no modification (Publilius Syrus).

Classroom Management – you can expect your teachers to major on the basics; being clear about learning objectives, clarifying what success 'looks like' for each lesson and learning experience, then attentively evaluating what they have understood.

Wellbeing – wellbeing is directly linked to achievement. Wellbeing is optimal health; spiritual, mental, emotional, social, and physical. We make decisions to inside the classroom and

outside the classroom to help facilitate optimal health for individuals and groups of students.

Collaboration – We are preparing your children to be part of the global community. Robots are good at automation. Humans are experts in being innovative and enterprising. We are educating your children to gain satisfaction from working to their strengths. Having emotional intelligence to collaborate is essential and a high priority in all activities at SCBC.

The Bible reminds us to: *'Never be lacking in zeal, but keep spiritual fervour [great warmth and earnestness], serving the Lord.'* (Romans 12:11)

We love seeing your children flourish.

Des Mitchell

At South Coast Baptist College we understand that Kindergarten and Pre-Primary education is important to both brain development and creating dispositions which support a child's lifelong love of learning. We believe in taking a holistic view of education catering for the physical, intellectual, emotional, social and spiritual domains. Due to the importance of this early exposure to school life, we cater for these groups through carefully planned and intentional play. Our teachers are employed on their qualifications, experience and competence with this age group.

The curriculum in Kindergarten is based around the Early Years Learning Framework. This provides opportunity for child-centred investigation, exploration and expression of ideas. Pre-Primary is the foundational year for the National Curriculum. Our programming and reporting in Pre-Primary align directly to the teaching of required curriculum. Our facilities are designed to give students a physical environment that is engaging, spacious and functional. Facilities include large purpose-built classrooms, a kitchen, a central learning area and an expansive, fully fenced outdoor play area.

Pre-Primary students receive interim and end of semester reports on their progress throughout the year. Students attend Kindergarten for five full days per fortnight whilst Pre-Primary students attend school full time.

Primary school at South Coast Baptist College begins with Kindergarten and goes through to year 6 with currently over 520 students in the primary school.

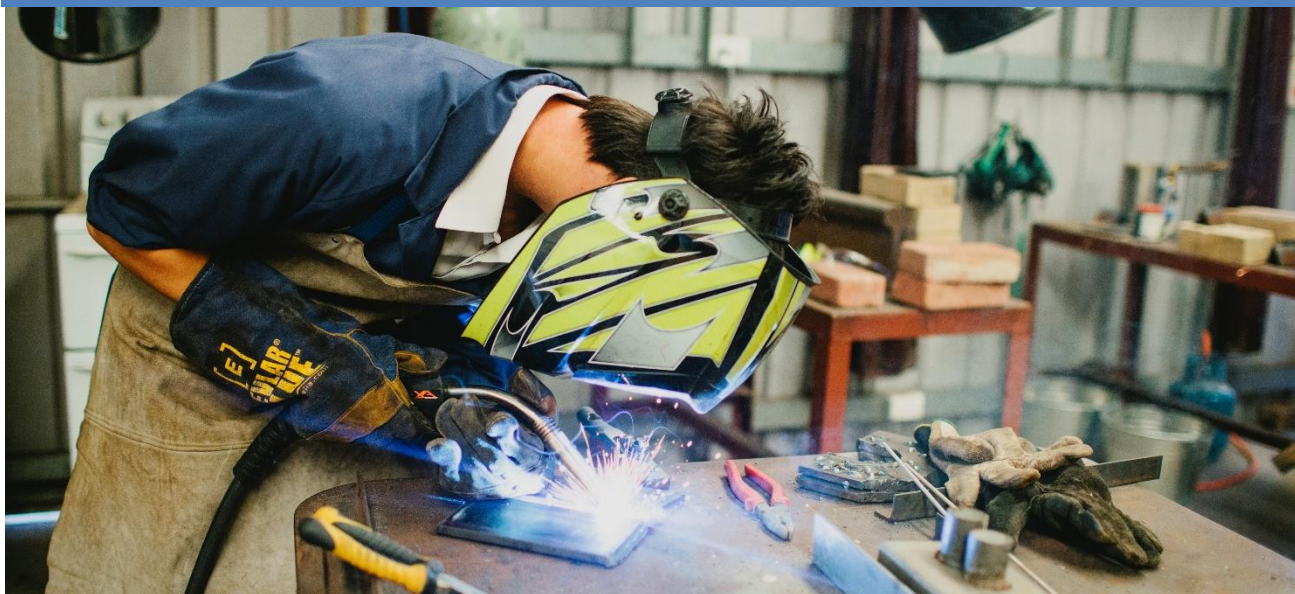

The Early Learning Years (Kindy to Year 2) is a sub area within the Primary school and focuses on the Early Years Learning Framework. Primary schooling is an integral part of a child's development and at SCBC we focus on the development of the whole child, including education, social, emotional and personal through various intentional and well run programs.

Academically, a strong focus placed on numeracy and literacy skills. Programs in Literacy, Numeracy and all other curriculum areas are sequenced to ensure effective transition between year groups. Each teacher provides differentiation within the classroom and IEP's (Individual education Plans) where required so that each student can reach their God given potential. A very strong and individualised Learning Support Program is provided for students who require additional academic support.

The West Australian Curriculum is fully implemented across the Primary School (Pre-Primary to Year 6) and classroom lessons, resources and reporting in the Primary School aligns directly to the achievement standards expected for each year level. Technology is widely incorporated into all Primary classrooms. Wireless internet, interactive whiteboards, laptops and iPad are utilized by teachers and students to enhance the education process. Students also attend Digital Technology lessons with a specialist teacher and have an additional 2 lessons in one of the 2 primary computer labs each week to work within the Numeracy Program 'Mathletics' that is utilised from years 1 to 6. Students also attend a variety of additional specialist lessons including Art, Physical Education, Sport Music and LOTE (Mandarin).

Our highly popular co-curricular programs afford students opportunity to develop their own interests in areas such as gymnastics soccer, basketball, netball, junior choir and chess.

Special events across the Primary school include various excursions, swimming lessons, Presentation Nights, Academic Achievement Awards, year 6 Graduation, Mother and Father's day, Year 4 Entrepreneurs Day, Book Week with a character dress up day, the Year 5 sleepover including 2 days of exciting activities and the Year 6 Camp featuring an itinerary of outdoor adventures.

Our Secondary College offers a wide range of interesting courses. Lower Secondary Students take the core subjects of English, Maths, Science Society and Environment, Bible and Christian Studies, Languages Other Than English (LOTE), Health Education, Information Technology and Physical Education. Elective subjects include Music, Art Drama, Food and Nutrition, Fashion and Design, Computing, MDT Metals, MDT Wood, Mechatronics, Permaculture, Outdoor Education, Bike Education, Marine Studies, Marketing, Digital Photography and Digital Media.

Students from Years 10-12 can choose from a variety of WACE subjects in both academic and non-academic pathways. Subjects include English, English Literature, human Biology, Maths, Maths Extension, Maths Specialist, Physics, Chemistry Integrated Science, History, Society and Environment, Engineering Studies, Politics and Law, Outdoor Education, Physical Education Studies, Visual Arts, MDT Metals, MDT Textiles, MDT Wood, Applied Information Technology, Business Management and Design Photography. Students also take Bible and Christian Studies, Study Skills and Physical Education. Our Vocational Education Program allows students to gain industry recognized qualifications in a wide range of fields. Our aim is that graduating students leave with a clear pathway for further education or employment.

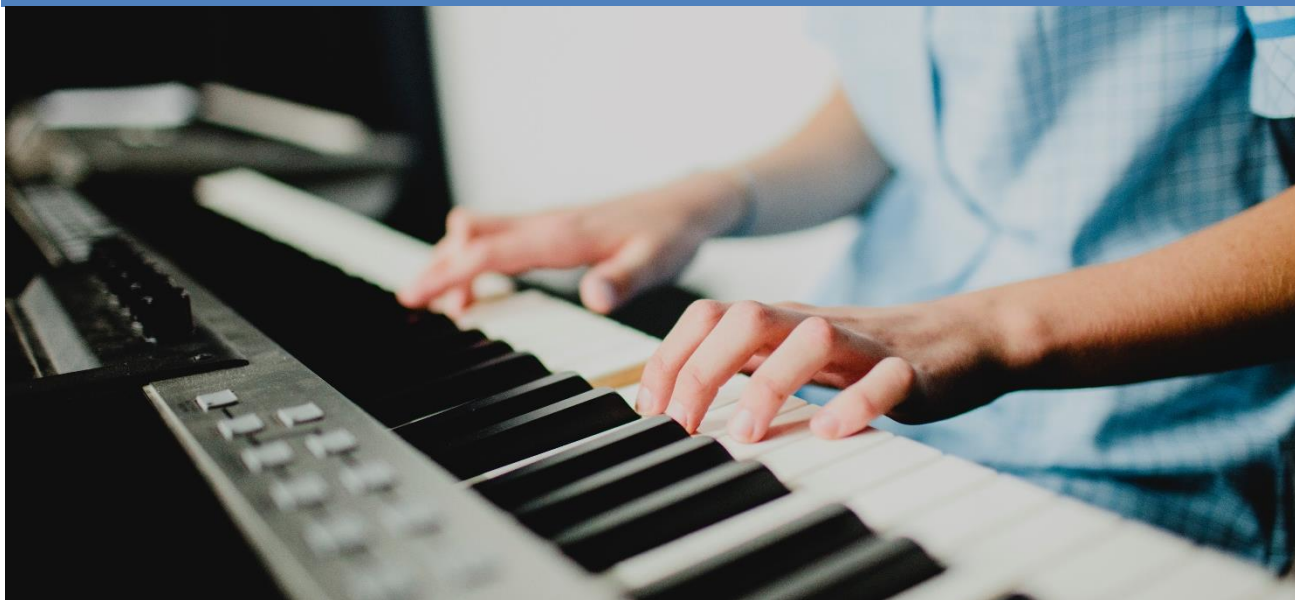

SCBC Music

- Kindy and Pre-Primary – Group Music Lessons by Tutor
- Years 1 – 6 Classroom Music
- Years 4 – 6 Choir
- Year 6 – 12 Marching band
- Year 7 – 12 Choir
- Year 7 – 12 Band – Jazz ensemble
- Year 9 – Music Elective
- Year 10 – 12 VET Course – Certificate 2 and 3 in Music

Tutors

Private lessons are available during school in the following instruments/areas:

- Saxophone
- Clarinet
- Trumpet
- Flute
- Keyboard
- Piano
- Recorder
- Vocal
- Guitar
- Bass
- Drums
- Percussion Ensemble
- Dance – hip hop

Music plays a significant role in the secondary school and has helped students to grow their confidence through performing music not only to their peers but also to the wider community.

In 2015 we experienced engaging new talent of many styles emerge from our school. Performances by the Modern Jazz Ensemble (MJE) stunning vocal performances by our Vocal Ensemble and a smattering of great vocal and instrumental performances by many talented individuals.

Our instrumental program is full and has helped many students to discover a new love! In their quest for musical exploration and excellence.

The third term saw the Arts, Drama, Hospitality, Dance and Music department work together to get caught in a "Time Warp " and put on an amazing Outrageous 80's performance. Parents, visitors and students dressed in big shoes, Blues Brothers look-alikes, Olivia Newton Outfits and pink ties! (To name a few) Which contributed to a memorable night of Visual Art, Drama and musical fun!

Wayne Strong
Head of Learning Area – The Arts/Director of Music

SCBC has offered the following different sports

- Basketball
- Netball
- Floor Ball
- Lacrosse
- Beach Volleyball
- Tee-ball
- Flag Football
- Soccer
- Cricket
- Ultimate Frisbee
- AFL
- Dodgeball
- Athletics
- Swimming
- Fitness
- Hockey
- Touch Rugby

Our college clubs are:

- Netball
- Surf Life Saving Cadets
- HBF Run for a Reason Team

ACC Carnivals:

- Swimming
- Cross Country
- Athletics
- Lightning Carnivals

RKAS Sports:

- Cricket
- Netball
- Soccer
- Basketball

Football Academy

"In 2014 the South Coast Baptist College Football Academy was established. It has since partnered with Mook Football to deliver a comprehensive football program catering for all abilities. Mook Football offers a range of high level coaching, Academy football, grass roots coaching, and specialized girls and goal keeper programs, for footballers aged from 3 – 18 years of all ability levels.

The Football program offers a complete player development system which begins with community football in childcare through to Performance phase training for the more skillfully advanced players.

Football coaching was offered on the campus:

- To SCBC students as part of an "in school" sports session as in class specialist coaching
- To SCBC students and external students as an extra-curricular sport"

Sharonne	Hart	Primary Teacher	n/a
Black	Rebecca	Registered Nurse – Student Services Administrator	Bachelor of Nursing

Student Attendance

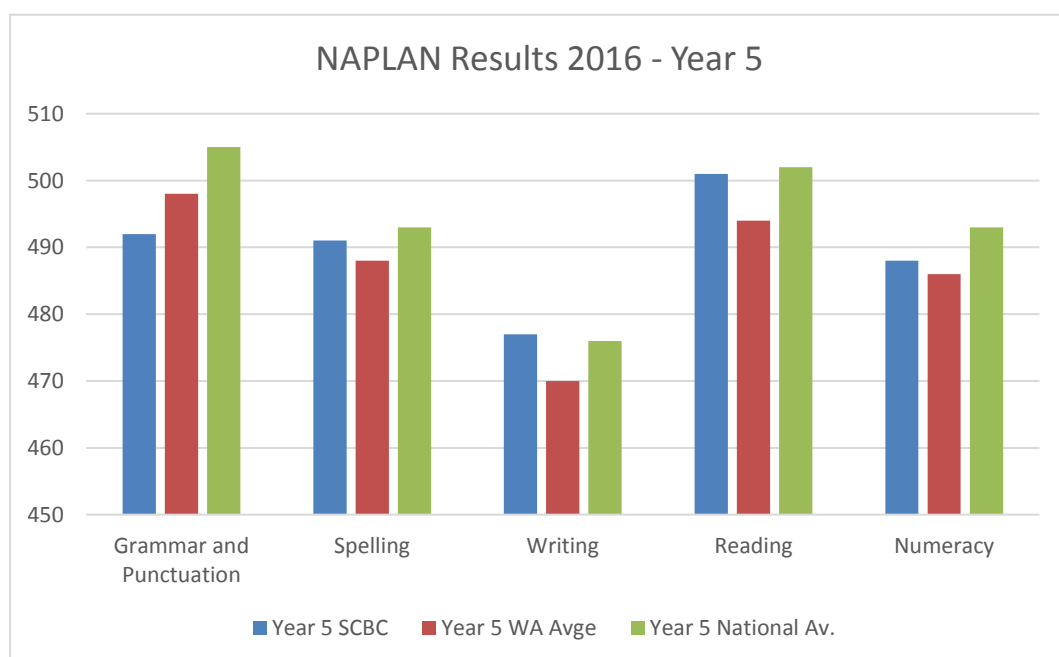

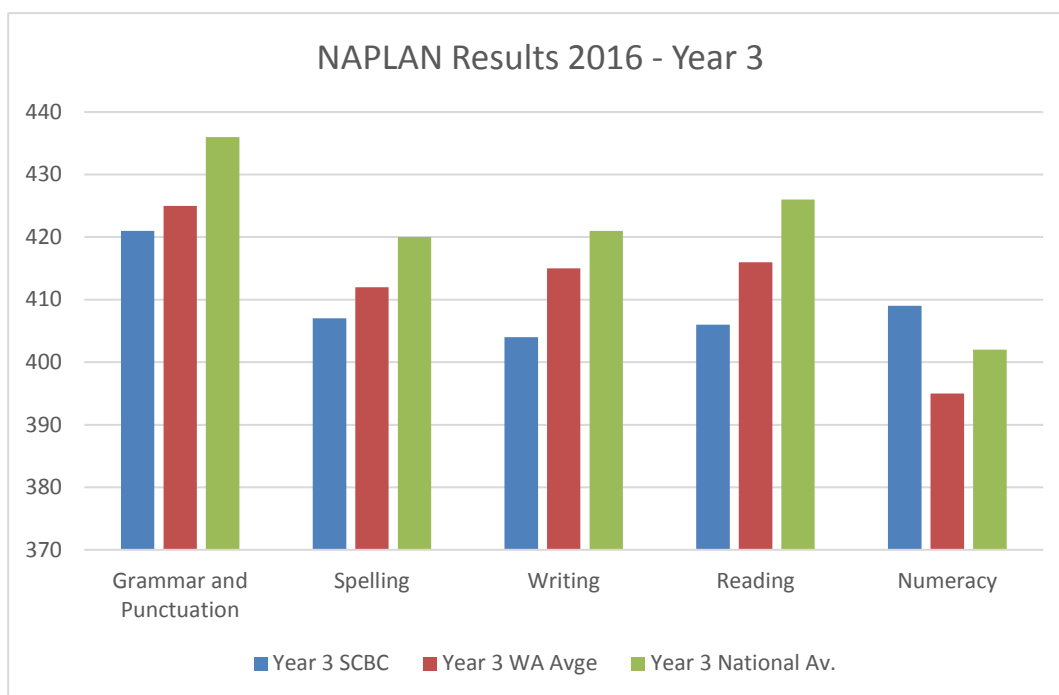

Student Non-Attendance

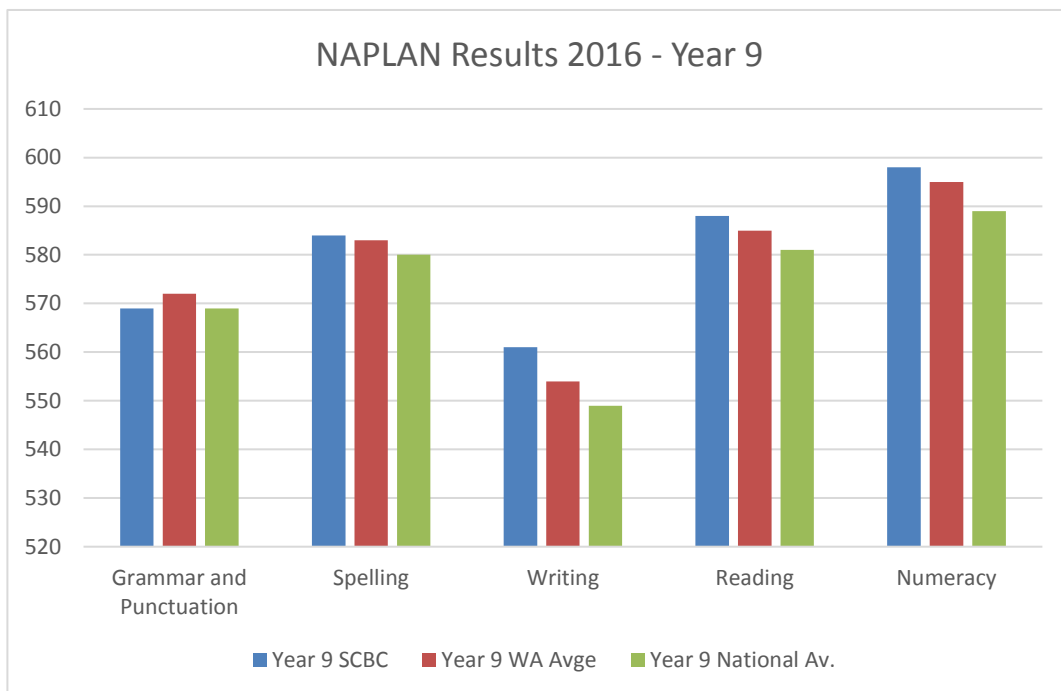

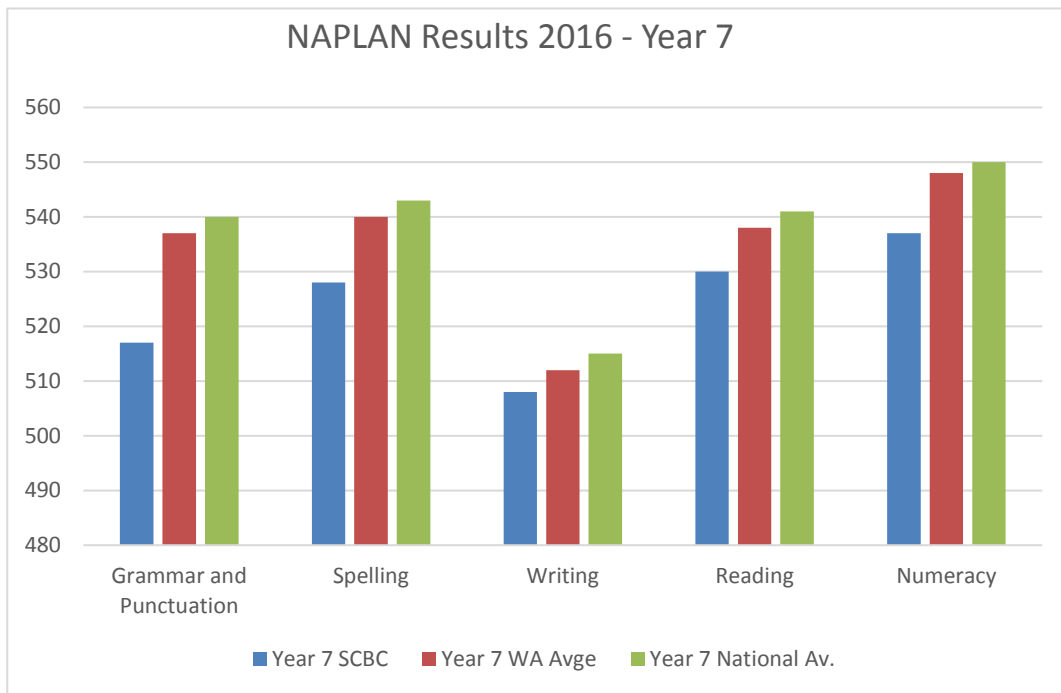

If a student is absent from a teaching instruction day and there has been no reasonable explanation provided by a parent or guardian then a mobile text message will be sent to the parent or guardian before morning recess (10.10am for Primary school and 10:40am for high school) the day of the absence, asking them to provide a reason. If a response to the mobile text message has not been received within a week, an email will be sent to the parent/guardian. If an email response has not been received within 2 weeks a letter will be posted home asking for an explanation (See Daily SMS Procedure & Weekly Absentee Follow-up Procedure).

If a student is missing for a significant amount of school with no reasonable explanation the Attendance Officer will notify the Deputy Principal of Pastoral Care and the Year Manager (secondary school) or the Deputy Principal of Pastoral Care and the Assistant Principal (primary school).

NAPLAN Results

Naplan results continued.....

Student, Parent, Teacher Satisfaction

Parent Survey

- In August, 2016 a "Class Connect Parent Feedback" survey went out to SCBC parents.
- In April, 2016 a "Parent Community" survey was conducted.

Student Survey

- In February, 2016 a "Primary Classroom Feedback" survey was conducted with relevant students in K -6.
- In January, 2017 a "Library Feedback" survey was conducted reviewing 2016.
- Students were invited to survey their secondary school teachers.

Staff Survey

In 2016 the following staff surveys were conducted:

- An executive team review
- In November 2016, a "2016 Secondary Staff Culture" survey was conducted.

Year 12 Results 2016

ATAR Results

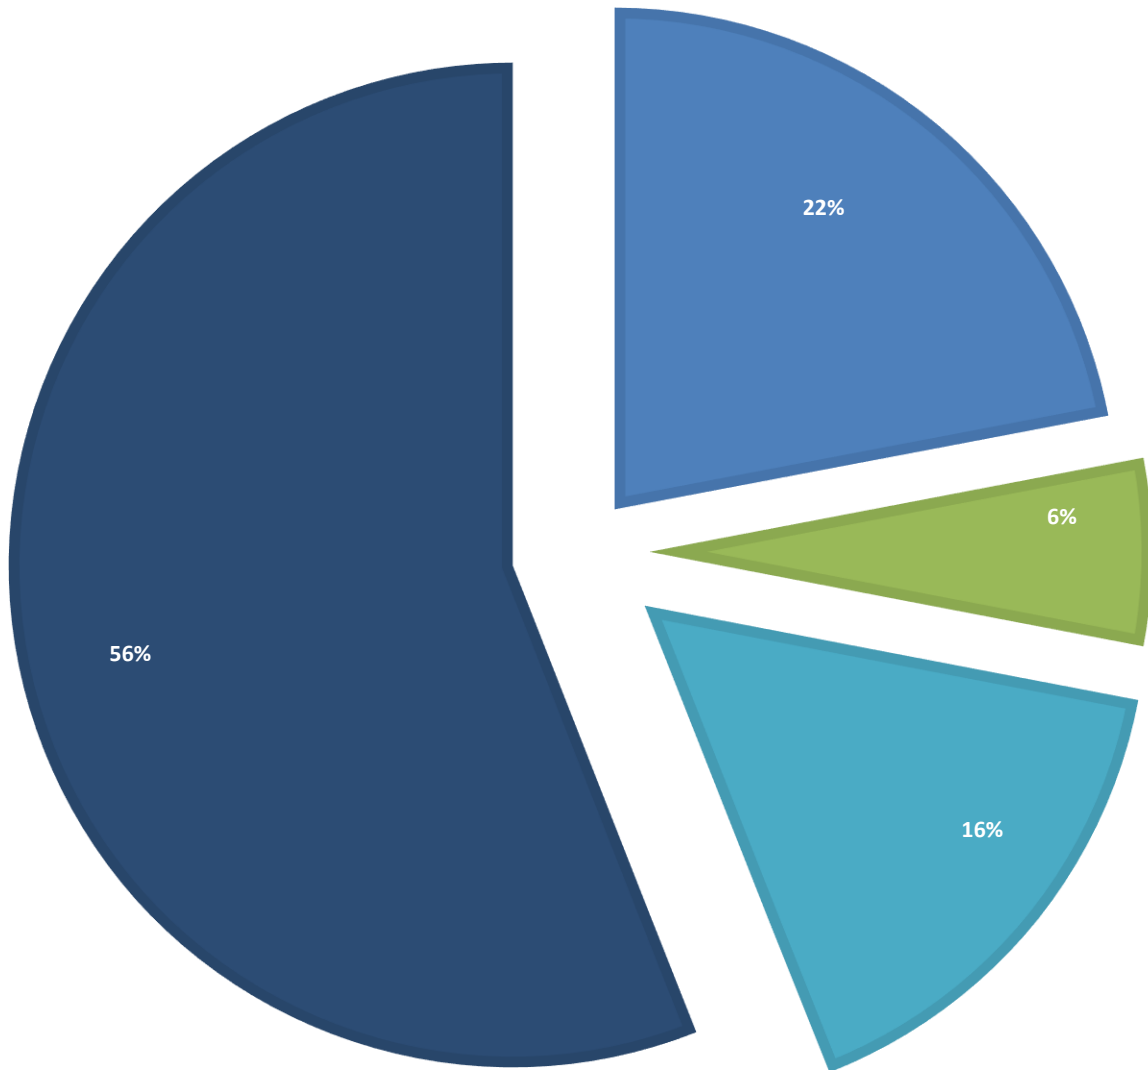

Last year's Class of 2016 are congratulated for achieving many personal 'wins' including a collective median **ATAR of 87.25**. Based upon reported ATAR scores in the West Australian Newspaper, SCBC would have been ranked 15th in the state if our Year 12 cohort was slighter larger.

Year 12 – Post School Destinations

In terms of post-school destinations we are looking forward to hearing form all our graduates as to their placement. Esther Watts has proceeded to study medicine at We have several students pursuing apprenticeships and TAFE; some female students who are studying nursing as a continuation of their High School studies. We have 10 students attending university in 2016, and one student studying at WAPA.

SCHOOL INCOME BROKEN DOWN BY FUNDING - 2016

- School Fees
- Other Fee Related Income
- State Government Recurrent Grants
- Commonwealth Government Grants

INTERNATIONAL YOUNG PHYSICISTS TOURNAMENT

In 2016 Year 12 students Jared Loffler and Jack Ellery travelled to Russia to represent Australia in the annual International Young Physicists Tournament. Jared was the captain of the Australian team, and lead them to secure 17th in the competition.

FOOTBALL ACADEMY YEAR 10 STATE CHAMPIONS

Our Year 10 boys managed to walk away with the title of State Champions at the end of 2016.

DEBATING

2016 was another successful year for our Secondary debating students. Congratulations are due to Jannah Teo, Shaylah and Ryan-Sherriff for coming second in the Semi Finals of the 2016 State BP Debating Competition. Our students were in Year 11, going up against Year 12 students at the other schools. The schools they were up against included;

- Hale School
- Methodist Ladies' College
- Newton Moore SHS
- Perth Modern School
- Shenton College
- South Coast Baptist College
- St Hilda's AGS

Shaylah Ryan-Sherriff, 15, Esther Watts, 17, and Jannah Teo, 15, with Jack Ellery, 17, Jake Norris, 16, and Ken Gilua, 18, and their winning medals and trophies from the debating competition. Picture: Emily Sharp

School teams crowned debate champs

■ Emily Sharp

Students at a Rockingham High School have proved they can talk the talk after winning an inter-school debating competition.

South Coast Baptist College debating teams recently won the junior and senior categories of the Western Australian Debating League Rockingham/Mandurah competition.

Head of English James Trimble said the school had initiated

the competition as there hadn't been one for the region before.

"We'll follow through with the competition next year and we are looking for any other schools in the area who would like to join," he said.

Student Jack Ellery said it was enjoyable and something completely different for him.

"I usually play sport during the year so I gave that up and did debating instead and I thought it helped with some of my studies

as well," he said. "I overcame a lot of my nerves as I got more practice and experience debating."

Best senior speaker award winner Shaylah Ryan-Sheriff said it was great to work in a team.

"It was a competition but it wasn't hostile," she said.

"We were all getting along and encouraging each other outside of the debate so it was nice to see the culture that we created."
